1/04/19	Manly West Esplanade Heritage Activation Plan	<p>Council is seeking comments and suggestions on the plan. SH noted she had sent in a considerable response. One of the problems she noted that a full Masterplan of the area would be more appropriate as the Aquarium, the Pavillion and the waterpark area needs work, including reviewing the possibility of including carparking in the area as business fail due to the lack of local parking. Should a Heritage order be put on buildings such as the Art Gallery it would limit further improving to the precinct.
